

This diagram shows an exploded perspective view of a mechanical assembly, designated by the reference numeral 10. The assembly consists of several main components: a top housing (11), a middle plate (12), a base plate (13), a support structure (14), and a bottom housing (20). The top housing (11) is shown with a dashed line indicating its internal structure. The middle plate (12) is positioned between the top housing and the base plate (13). The base plate (13) is shown with a dashed line indicating its internal structure. The support structure (14) is positioned between the middle plate and the bottom housing (20). The bottom housing (20) is shown with a dashed line indicating its internal structure. The assembly is held together by a series of screws (15) and a central bolt (16). The exploded view shows the relative positions of the components and the path of the fasteners.
